² Insufficient fees imposed for any of the following: share draft, ATM withdrawal, or other electronic means, such as debit card point of sale or ACH transactions.

Debits (e.g. ACH payments), items drafted by you (such as checks) or transactions you set up (such as preauthorized transfers) that are submitted for payment against either a checking or savings account may be returned if the amount of the debit exceeds the funds available in the account. Each time we return a debit or draft for insufficient funds, we will assess a nonsufficient fund (NSF) fee. The entity that submitted the debit may submit another debit to Align Credit Union, even if we have already returned the prior debit for insufficient funds. If the resubmitted debit again exceeds the funds available, Align Credit Union will return the debit resulting in an additional NSF fee. Thus, you may be charged up to three NSF fees in connection with a single debit that has been returned for insufficient funds multiple times.

³ No insurance is provided on safe deposit boxes

⁴ The Returned Deposited Items fee is waived for 18/65 Savings Accounts and 18/65 Checking Accounts.
